

9K MNK-008 (Biker)

Detail

9K Biker's Boots are made from state-of-the-art technology. They are made from the latest Direct Injection Process (D.I.P) which gives the wearer an excellent sense of comfort. Comfort and abrasion of the sole is the strength of our Biker' Boots.

Description

NAME: 9K MNK-008

UPPER MATERIAL: WATER RESISTANT MICROFIBER

INSOLE: Anti-nail Penetration Kevlar.

MIDSOLE: Polyurethane (PU) Black colour serving as a Cushion for comfort.

OUTSOLE: Nitrile Rubber having excellent abrasion resistance and heat resistant up to 300° C.

INSOCKS: 6 mm soft PU moulded Insocks.

MNK-008 is made of MICROFIBER which is water resistant and can be maintained easily having anti-slip property. The ankle protection guard prevents the ankle from any kind of bruise. The zip allows easy wearing and taking off the shoe. It also provides protection to the wearer's feet against penetration of any sharp object.
