

9K ALEXANDER BEIGE – (Biker's Boot)

Detail

9K Biker's Boots are made from state-of-the-art technology. They are made from the latest Direct Injection Process (D.I.P) which gives the wearer an excellent sense of comfort. Comfort and abrasion of the sole is the strength of our Biker' Boots.

Description

NAME: 9K ALEXANDER

UPPER MATERIAL: WATER RESISTANT LEATHER

INSOLE Anti-nail Penetration Kevlar.

MIDSOLE: Polyurethane (PU) Black colour serving as a Cushion for comfort.

OUTSOLE: Polyurethane (PU) Black colour having excellent abrasion resistance.

INSOCKS: 6 mm soft PU moulded Insocks.

Alexander is made of water-resistant oil pull-up leather with front and forepart TPU protection guard. The beige colour is one of its kind.

Anti-nail penetration technology allows the wearer to wear the shoe with a sense of security against any foreign sharp objects.
