

9K PLATINIUM (Biker's Boot)

Detail

9K Biker's Boots are made from state-of-the-art technology. They are made from the latest Direct Injection Process (D.I.P) which gives the wearer an excellent sense of comfort. Comfort and abrasion of the sole is the strength of our Biker' Boots.

Description

NAME: 9K PLATINIUM

UPPER MATERIAL: WATER RESISTANT LEATHER

INSOLE: Anti-nail Penetration Kevlar.

MIDSOLE: Polyurethane (PU) Black colour serving as a Cushion for comfort.

OUTSOLE: Polyurethane (PU) Black colour having excellent abrasion resistance.

INSOCKS: 6 mm soft PU moulded Insocks

Platinum is made of water-resistant oily leather giving an elegant look to the shoe. The padding in the shoe allows the wearer to wear for longer rides without feeling tired. It also provides protection to the wearer's feet against penetration of any sharp object.
